

Our Story

Since 1979

Our family run business started as a small farm market offering fresh eggs, fruits, vegetables, and flowers. We grew over the years into an outdoor furniture and structure destination, focusing on the highest quality american made products. We still carry flowers every spring.

Fall of 2023 brought a new chapter in our story. Due to road expansion, we had to move from our iconic 12-acre site in Anoka. We have only moved 5 miles west of that site, still on hwy 10, to a new 16-acre outdoor center. Just as our business has grown and evolved over the years, so has poly lumber furniture. We continue to carry the classic styles you know and love, along with many new elevated designs, all available in a wide variety of standard and natural colors. There are also several new lines available in mgp, marine grade polymer. There is truly something for everyone.

We look forward to helping you select the perfect pieces to create your unique outdoor space that will be enjoyed for years to come.

We also have a beautiful 4-acre indoor furniture store, Furniture and Things, located adjacent to our new 16-acre Plants and Things site.

The best furniture uses the best materials.

Poly Lumber

At Plants & Things, all of our furniture is built using only the highest-grade poly lumber. Made from high-density polyethylene (HDPE) plastic, this durable material is the secret behind manufacturing low-maintenance furniture designed to last decades.

We use two types of poly in our furniture — both produced by leaders in the industry.

HDPE

High Density Polyethylene, HDPE, is recycled plastic lumber that has become a mainstay of the outdoor furniture industry. Its high strength-to-weight ratio and versatility make it an excellent choice for most poly furniture.

MGP

Marine Grade Poly is a denser alternative to HDPE. This premium marine-grade poly (MGP) can be fabricated to create a more customized furniture design with a thinner profile.

See how our premium poly stacks up against wood patio furniture:

| | Wood | HDPE | MGP |
|--|------|------|-----|
| Virtually maintenance-free ownership | | • | • |
| Does not crack or split over time | | • | • |
| UV-stabilized colors that resist fading | | • | • |
| Withstands hot/cold climates and will not warp | | • | • |
| Smooth, splinter-free surface | | • | • |
| Not damaged by water or salt spray | | • | • |
| Easy-to-clean surface that limits germs and bacterial growth | | • | • |
| Dense and durable | | • | • |
| Thinner profiles for sleeker furniture design | | | • |
| Dimensional lumber for classic design | | • | |

Premium Hardware

Chrome-Plated Fasteners

Unlike other poly furniture manufacturers, Plants & Things only uses chrome-plated stainless steel fasteners. These fasteners resist corrosion better than standard stainless steel — keeping your furniture free from unsightly rust stains.

Aluminum Frames

We use strong, welded aluminum frames to provide long-lasting support under tabletops and thicker furniture components. While our furniture is designed to keep most aluminum supports out of sight, those that are visible are powder coated to maintain an attractive, durable finish.

Go Green with Plants & Things

Your Plants & Things poly furniture offers more than just a great place to relax with friends and family. It also protects the environment. That's because our poly lumber is manufactured using 95% recycled content.

The fluid profiles allow for the Holland to reexplore any outdoor space to a new genre.

Outdoor Furniture Warranty

HIGH DENSITY POLYETHYLENE (HDPE) and MARINE GRADE POLYETHYLENE (MGP)

TWENTY (20) YEAR LIMITED WARRANTY (RESIDENTIAL) FIVE (5) YEAR LIMITED WARRANTY (COMMERCIAL)

Plants and Things USA ("Plants and Things") warrants to the original purchaser that its and outdoor furniture products will be free of original defects in workmanship and materials for a period of twenty (20) years of residential use or five (5) years of commercial use unless otherwise noted in the warranty. The warranty is effective starting on the date of purchase. At its option, Plants and Things will repair or replace this product without charge for materials and labor, providing our inspection indicates that an original defect exists. Should Plants and Things choose to replace the product, and the product is no longer available at the time the warranty service is required, a substitution of similar performance and equal or greater value will be made. Polyethylene is a synthetic product and may scratch, can fade when exposed to sunlight, or stain after prolonged contact with other substances, all of which are not covered in this warranty. Some expansion and contraction is to be expected during changes in humidity and temperature. The foregoing shall not be considered defects in materials or workmanship and are not covered under this warranty. Stainless steel fasteners are warranted not to fail structurally for the applicable warranty period. Stainless steel may rust in certain extreme conditions (such as coastal areas) if not maintained. This warranty does not cover rusting fasteners or structural failure due to rusting fasteners, damage caused by unauthorized service or repair, alteration of this product, abuse or misuse, normal wear and tear on materials, or any attempt to use the product in a manner or for a purpose other than for which it is customarily intended. This warranty also does not cover scratching or chipping of polyethylene; however, this warranty shall not limit any warranties made by the manufacturer for such items which may extend to you.

Plants and Things makes no warranties other than those which are specifically described herein. Plants and Things makes no implied warranty of merchantability or implied warranty of fitness for a particular purpose. Some states do not allow limitations of implied warranty so this limitation may not apply to you. In that event, any such implied warranty is limited to that required by law. Plants and Things shall not be liable for incidental or consequential damages, including, but not limited to, lost profits or other economic or commercial losses. The sole remedy provided in this warranty is repair or replacement of this product. Any cost of shipping and handling shall be paid by you. Claims for original defects in workmanship or materials shall be made in writing to Plants and Things no later than ten (10) days after the expiration of the warranty period at the address below.

Outdoor Fire Pit Warranty

Plants and Things USA ("Plants and Things") extends the following warranty to the original purchaser of its outdoor fire pit. This warranty applies only to the original owner of the Product and is non transferable. The warranty is effective starting on the date of purchase.

Polyethylene Fire Pits with a Polyethylene Top are warranted to be free of original defects in workmanship and materials for a period of ten (10) years of residential use or two (2) years of commercial use. A glass wind guard must be installed on Fire Pits with Polyethylene Tops at all times to keep flames from touching the material and avoid melting. Lighting or burning a fire pit without the glass wind guard installed may result in melting of the polyethylene material and voids this warranty. Polyethylene is a synthetic product and may scratch or fade slightly when exposed to sunlight or stain after prolonged contact with other substances. Some expansion and contraction is to be expected due to extreme changes in humidity and temperature. This warranty also does not cover scratching or chipping of polyethylene, however, this warranty shall not limit any warranties made by the manufacturer for such items which may extend to you. Stainless Steel Heat Barrier used on Polyethylene Tops to distance flames and heat from the Polyethylene material are 304 grade stainless steel and may rust in normal outdoor conditions and/or coastal areas. Rusting that does not affect the structural integrity of the Stainless Steel Heat Barrier is not covered by this warranty. When not in use, covering a fire pit with a waterproof fire pit cover is recommended and may minimize but not eliminate the possibility of rust.

At its option, Plants and Things will repair or replace these products without charge for materials and labor, providing our inspection indicates that an original defect exists. Should choose to replace the product, and the product is no longer available at the time the warranty service is required, a substitution of similar performance and equal or greater value will be made. The foregoing shall not be considered defects in materials or workmanship and are not covered under this warranty. Stainless steel fasteners are warranted not to fail structurally for the applicable warranty period. Stainless steel may rust in certain extreme conditions (such as coastal areas) if not maintained. This warranty does not cover rusting fasteners or structural failure due to rusting fasteners, damage caused by unauthorized service or repair, alteration of this product, abuse or misuse, normal wear and tear on materials, or any attempt to use the product in a manner or for a purpose other than for which it is customarily intended.

Stainless Steel Burners, Intrigue Fire Feature and all parts and components for burners are provided by "The Outdoor GreatRoom Company." The Outdoor GreatRoom Company warrants this Outdoor GreatRoom Product will be free from defects in material and workmanship for a period of one (1) year. Stainless Steel parts and assemblies carry a limited lifetime warranty. Slight rusting on burners and components of the burners are not covered by this warranty.
